THINGS TO DO

San Leandro Butterfly Garden Monthly Work Day
Sept 2, 2023, 10:00 AM - 12:00 PM
Located below the Monarch Butterfly Migration Mural in downtown San Leandro, the Butterfly Garden reminds visitors that we live right on the Monarch's western migration path. Come join us for a work day, every first Saturday of the month, 10-12. Rain cancels: If it rains at 9:30am on a work day, it is canceled.

Sept. 21, 2023, 5:00 PM - 7:00 PM
Virtual Lawyers in the Library is a free legal information and referral program. They offer 15-minute one-on-one over the phone appointments with a lawyer on the 1st Wednesday of the Month. Call the Main Library Information Desk (510-577-3971) to book an appointment.

Farmer's Market // San Leandro Bayfair Center
Come enjoy a little bit of sun at the Farmer's Market. Over 45 farmers and food producers offer the freshest produce. Saturday's 9 a.m. - 1 p.m. year round.

Free Museum Days in September
SFMOMA /Yerba Buena - Free first Thursdays of the month
deYoung Museum / Golden Gate Park - Free on the first Tuesday of the month
Legion of Honor / Sea Cliff - Free on the first Tuesday of the month
Asian Art Museum/Civic Center San Francisco - Free every first Sunday of the month
Conservatory of Flowers / Golden Gate Park - Free on the first Tuesday of the month

CHAPTER 518
J O I N U S

The Golden State Manufactured-Home Owners League (GSMOL) is a non-profit organization formed almost 60 years ago to protect the home values and quality of life of Mobile Home owners. In addition to working with the State of California and local legislatures, GSMOL works daily at the State level lobbying for legislation that will benefit Mobile Home owners. Through our Emergency Legal Fund (ELF), GSMOL pursues violations of the Mobilehome Residency Law (MRL798…) which protects Mobile Home owners.

To help GSMOL continue to provide these and other services,

we invite you to join today.

VIEU NEWS

BY PETER CLEAVELAND

Get the New Edition of the VIEU Earthquake Brochure

The Second Edition of the VIEU Earthquake Brochure, with input from Mission Bay management, is now available. You can pick up the English version in the clubhouse, on the shelf by the office window. The Chinese version will be available shortly.

You need earthquake insurance

In February we pointed out the importance of having earthquake insurance. A recent article in CNN on line told of a family in Rio Dell making mortgage payments on a house that was destroyed in a magnitude 6.4 quake on December 20, 2022 because they had no earthquake insurance. You can find the story at https://www.cnn.com/2023/07/02/us/rio-dell-california-earthquakes/index.html

A December, 2022 USA Today article (https://news.yahoo.com/could-happen-tomorrow-experts-know-230027986.html) makes the same point; it also recommends participating in the Great American ShakeOut. Mission Bay does that, so we are ahead on that score.
Great American ShakeOut

The Great American ShakeOut

earthquake drill will be on Thursday, October 19, at 10:19 a.m. Block Captains should make sure their flashlight and two-way radio batteries are fresh. It would also be good to go over how to set the radio to the proper channel: main channel 5, sub channel also 5. Practice setting it, checking the instructions in your Block Captain kit if necessary. If you still have difficulty, give Pete Cleaveland a call at 510-351-1742.
We need more block captains. If you are interested in helping to keep your neighbors safe, please give us a call.

園區內志願者應急組織（VIEU）信息

獲取新版 VIEU 地震手冊

根據 Mission Bay 管理層提供意見的 VIEU 地震手冊第二版現已推出。 您可以在會所辦公室窗邊的架子上找到英文版。中文版即將推出。

你需要地震保險

在二月份專欄我們指出地震保險的重要性。 CNN（美國有線電視新聞網）最近發表的一篇文章講述了Rio Dell(里約戴爾）的一家庭在 2022 年 12 月 20 日的 6.4 級地震中房屋被毀，但因為沒有地震保險而仍須按揭付款。 您可以在下面網址查閱該故事。
https://www.cnn.com/2023/07/02/us/rio-dell-california-earthquakes/index.html

USA Today 《今日美國》在2022 年 12 月的文章也提出了同樣的觀點 https://news.yahoo.com/could-happen-tomorrow-experts-know-230027986.html ； 它還建議大家參加 Great American ShakeOut（全美大震動）地震演習。 Mission Bay 在這方面領先因為我們已經做到了這一點。

全美大震動演習

一年一度的 Great American Shakeout（**全美大震動**）地震演習將於10 月 19 日星期四上午 10:19分 舉行。街道隊長應確保他們的手電筒和雙向無線電電池是新的。最好複習一下如何將收音機設置到正確的頻道:主頻道 5，子頻道也是 5。練習設置，如有必要，請檢查 街道隊長工具包中的說明。如果您仍然遇到困難，請致電 Pete Cleaveland，電話：510-351-1742。

我們需要更多的隊長。如果您有興趣幫助保護鄰居的安全，請致電我們。

We All Can Prevent Crime

by Mike P. McKeever

Criminals like to work in the dark where nobody can see them. So I like to take away the dark at my house - that discourages them from stealing from me.

As we all know there is a lot of criminal activity in San Leandro.

We are lucky here in the mobile home park since we have very few incidents.

A year or so ago, there were many cars driving through the park at all hours. They may have been lookouts for criminals looking for easily taken valuable items.

I think the continuing theft of catalytic converters from parked cars in San Leandro may be from an organized gang.

One morning about 4 am a year or so ago, I was drinking coffee in my driveway when a car stopped in front; a man got out and began to look under my car. I surprised him by yelling at him; he did not know I was there.

In order to deter as much crime as possible we have placed four very bright motion detector lights on our house. Also we keep the blinds open and a low light inside the house. The lights take away the darkness some criminals prefer and the open blinds suggest that someone may be watching from inside the house.

I strongly recommend that all residents install motion detector lights to cover the porch, driveway and street. Our house had exterior lights by the front door, the garage and at each corner facing the street. These are connected to the electric power.

We also bought a battery solar powered motion light for the back of the house where there was no outlet.

We are very happy with the four motion detector lights. We had some help installing them.

We like this model: LEPOWER Motion Sensor Outdoor Lights, 48W 5200LM LED Security Lights, IP65 Waterproof, 5000K Flood Lights Outdoor with 3 Head Motion Detector for Outside Garage, Yard, Porch. Amazon has it for $46.00.

I understand that Costco has a solar powered light for about $20.00.

You can see our lights by driving up Santa Paula near the Lewelling avenue end of the park. I think they have helped reduce the number of lookouts for thieves in the park.

If you want my address please send me an email to mckeever.mp@gmail.com '

MH Action

MHAction works to ensure all families have a safe and affordable place to call home!

In case you missed it, MH Action, an advocacy group that promotes the health and welfare of manufactured home communities and residents came to Mission Bay to provide information about what they do and how they support mobile home residents and communities. They do this through organizing neighbors in their communities, build campaigns to protect the affordability and quality of mobile home parks, and fight to advance racial, economic, and gender justice. " Our movement is built on a core belief that everyone should have a healthy, vibrant community and a decent, affordable place to call home. We empower residents to build and win local, state, and national issue campaigns that protect and strengthen the long-term viability and affordability of their communities." If you want to get involved, contact our own advocacy group, the MBRA for more information. MH Action is also on Facebook with over 17,000 followers. or visit them at www.mhaction.org.

Stay Safe Around the House

from the AARP Bulletin

GRILLING MISHAPS

More than 19,000 burned barbecue chefs and their hungry guests end up in emergency rooms every year; and an average of 4,900 structures are damaged by fire - most from gas grill fires.
So if you are the Grill Master in your family, check the tank hose and connection points for leaks or breaks; spray them with a light solution of soap and water while the propane tank valve is open. If you see bubbles, shut off the tank, because there may bea leak. If you smell gas when lighting the grill, turn off the tank, then the grill. Keep your grill clean, since built-up grease and drippings cause many fires. Should a grill catch fire, shut the lid to cut off the oxygen suppplu, if you can do so dafely, then close off the gas tank and turn off the grill. Don't use a fire extniguisher which can spread flames. - **Susan McKelvey,** spokesperson, National Fire Protection Association.

HOME REPAIR SCAMS

Summer typically brings an army of scam contractors going door-to-door. They'll claim they just happen to be repaving a driveway nearby and have leftover material, or they'll offer to make repairs for a really low price. If you bite, here's the likely outcome: They will take your money and do the work shoddily, fail to finish itor not do anything at all.

The bottom line is that you should beware of anyone offering to do work unsolicited. Instead, do the shopping and picking yourself. Get referrals froom family, friends or neighbors and get multiple bids on the job. Before agreeing to work with one, verify the contractor is insured and complies with lecensing and registration required by the state.

Scammers target older homeowners. The Better Business Bureau says consumers are left with a median loss of $1,500. - **Tobie Stanger,** senior editor, Consumer Reports

Recipe Corner

Peach Cobbler with Cake Mix - Recipe Courtesy of Sandy Fitzsimmons

This old-fashioned peach dump cake is the ultimate easy dessert packed with spiced peaches and cake mix.
Prep Time5 minutes mins
Cook Time55 minutes mins
Total Time1 hour hr
Servings: 12
Calories: 320kcal

Ingredients

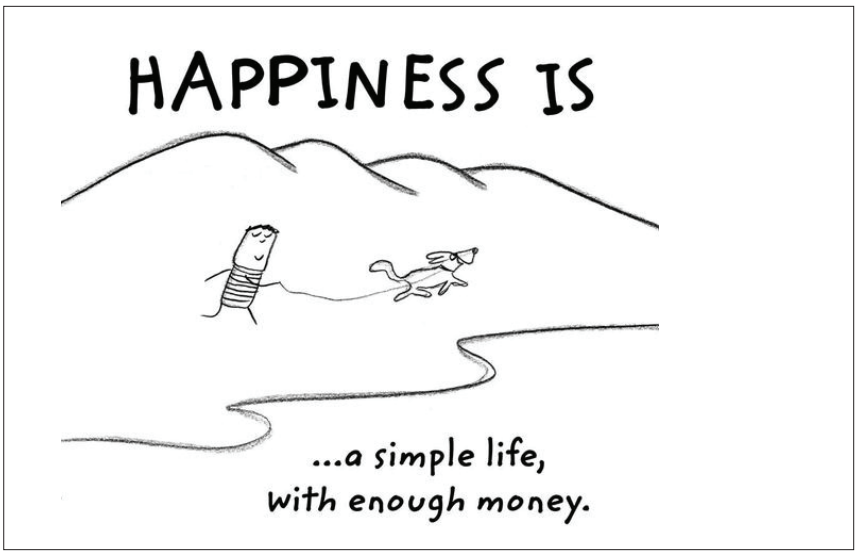

- 58 ounces sliced peaches in syrup (2 x 29-ounce cans)
- ¾ teaspoon cinnamon
- 1 box vanilla cake mix
- ¾ cup butter, melted

Instructions

1. Preheat the oven to 350°F. Spray a 9x13-inch baking dish with cooking spray.
2. Dump one can of peaches into the baking dish. Drain the liquid from the other can and add the peaches to the baking dish.
3. Sprinkle cinnamon evenly over the peaches.
4. Sprinkle the dry cake mix evenly over the peaches.
5. Pour butter evenly over the cake mix. Do not stir.
6. Bake in the preheated oven for 50 to 55 minutes until the top is golden.

Notes

- When buying the cake mix at the grocery store, it is best to pick one that doesn't have pudding mix in it; check the label to make sure.
- You'll want to use a 9x13-inch cake pan so that the texture and consistency are right. I've used an 11x7-inch pan before, and it turned out a little too thick, which changed the delicious texture of the dump cake.
- Because dump cakes are so gooey and moist, it can be hard to determine if they're done. It's normal to see some wet spots and some spots that are more crisp and done.

September Garden To-Do List

September is often peak harvest season in Northern California. Garden-grown fruits and vegetables are bountiful—sometimes overwhelmingly so—and canning season has officially commenced.

Shop for seed garlic. If you've never grown your own garlic, now is the time to start! Just like spring-blooming bulbs, the best and freshest selection of seed garlic bulbs becomes available either online or in your favorite nurseries in September for planting in early October. They are best grown in rich, amended soil and in full sun. Gently separate the cloves, planting them sharper end down 2 inches deep and 4 inches apart.

Plant your fall crops. As space becomes available, summer crops become spent, and you pull out the hardworking plants, it's time to plant the fall-and-winter garden. Clean up diligently, and amend the soil well with organic compost. Check your irrigation system (which is still needed until the fall rains kick in), and start planting your fall-and-winter garden.

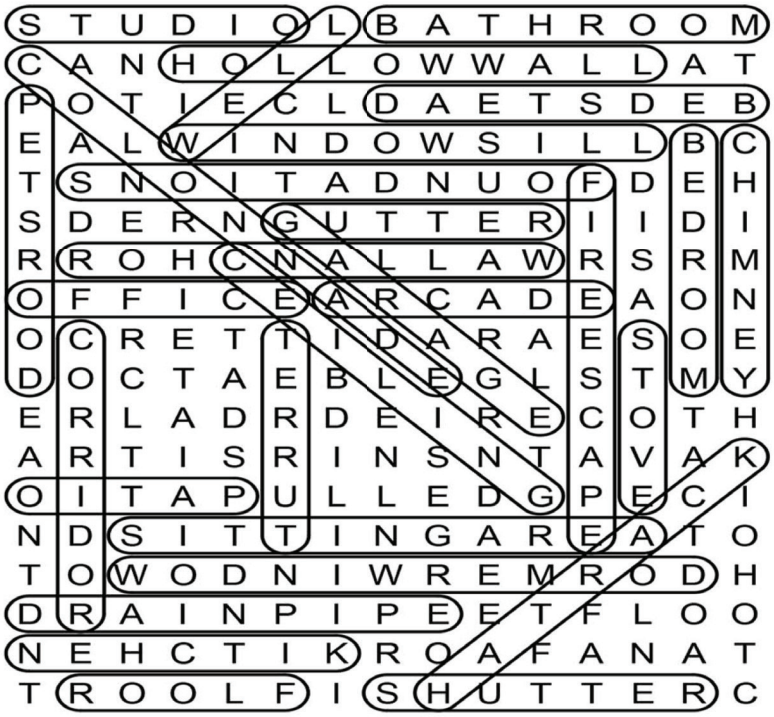

Shop for spring-blooming bulbs. September is the best time to shop for spring-blooming bulbs. Find tried-and-true or unusual varieties of daffodils, crocus (Crocus spp. and cvs., Zones 3–8), freesia (Freesia spp. and cvs., Zones 9–10), anemone (Anemone spp. and cvs., Zones 3–11), Dutch iris (Iris spp. and cvs., Zones 6–9), and ranunculus (Ranunculus asiaticus and cvs., Zones 8–10) while they're most plentiful in garden centers and nurseries.

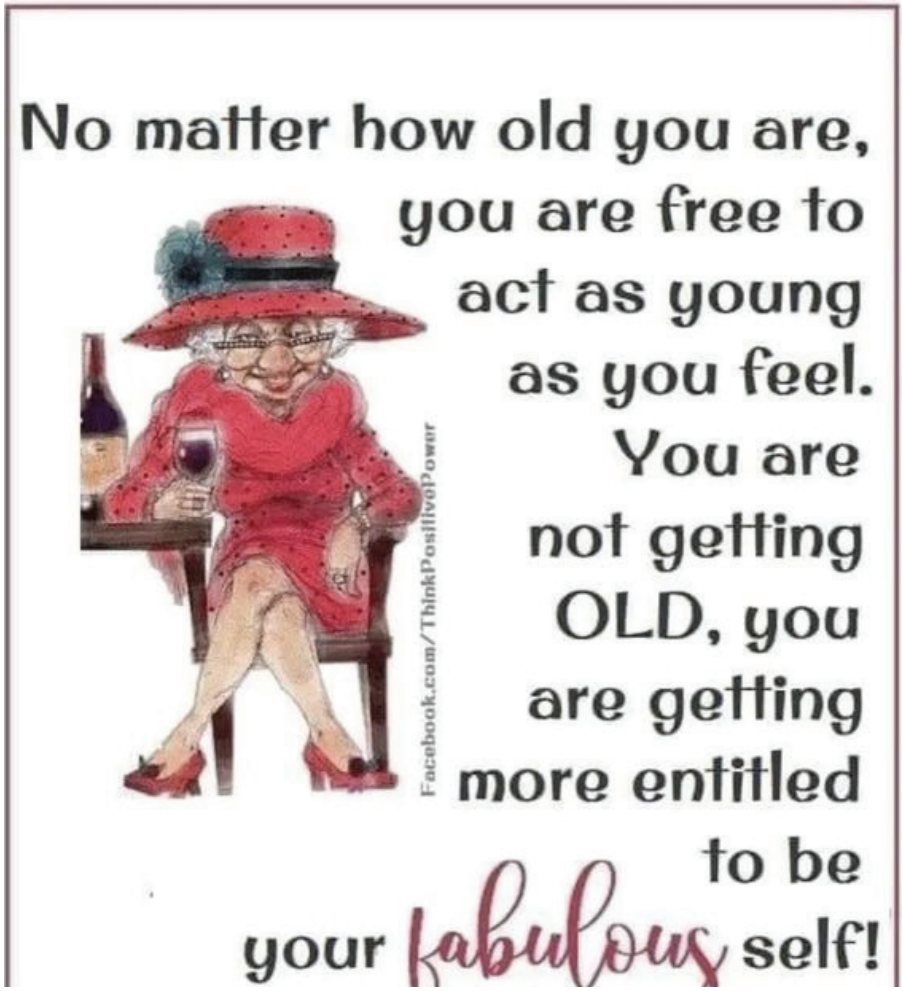

Plant new additions. With fall rains approaching, September is a fantastic time to add new trees, shrubs, perennials, and ornamental grasses to the landscape. Native plants respond particularly well when planted in fall just before the rains are expected. Your newly planted additions have time to establish deep root systems during the cooler seasons and will get off to a great start the following spring.

Plant winter-blooming annuals and perennials now while it's still warm. Pansies, Iceland poppies (Papaver nudicaule var. croceum, Zones 2–7), violets (Viola spp. and cvs., Zones 3–9), primroses (Primula spp. and cvs., Zones 3–9), and ornamental cabbages (Brassica oleracea cvs., annual) will add delightful pops of color. These are all great picks to brighten up your fall and winter borders, window boxes, and containers from late fall through early spring.
